

Spend The Night

With

Florida Ghost Team

“Be A Ghost Hunter for a Night or for a Weekend”

Experience a night and adventure to remember at the historic Clewiston Inn.

The Clewiston Inn was built by the U.S. Sugar Corporation (then called Southern Sugar) to host company executives and visiting dignitaries. The original Inn was built in 1926, and after a fire destroyed it, the classical revival style structure was rebuilt in 1938. Last year, it was bought by Big Lake Hotels who carried out extensive renovations at the Inn.

Visit their website for more info: www.clewistoninn.com

Investigate with Florida Ghost Team and operate all of our equipment. You can bring your own cameras and voice recorders if you'd like. You will learn to use the EMF & TriField Meter, Thermometer and how to get EVPs (electronic voice phenomena).

The history of the Clewiston Inn will be given before you begin the investigation so that you will understand why this place holds so much history and activity. You will have the opportunity to talk to one of the staff members about their paranormal experiences over the years at the Inn.

Once the investigation is underway, you are on your own. We will sit quietly while you do your thing. We will be close by if you need our assistance.
